

## WEST COAST WAREHOUSING SERVICES THAT ARE READY FOR ANYTHING

16 warehouses across California provide you with strategic options to receive product for Pacific Rim imports through the Ports of L.A., Long Beach, Oakland and San Diego.

Warehousing services can be fully integrated with our transportation and port services to simplify and speed your supply chain.

## WEBER LOGISTICS WAREHOUSING

**Dedicated Warehousing:** At our single-client warehouses, every aspect of your operations can be customized to your specific requirements.

**Shared Warehousing:** Pay only for the space, labor and equipment you use, allowing your logistics costs to parallel your revenue stream.

**eCommerce Fulfillment:** Get products to your customers quickly with Weber's omnichannel distribution services, including high-volume eCommerce fulfillment.

**Temperature-Controlled Warehousing for Food and Beverage Products:** Maintain the quality and integrity of your sensitive products through our rigorous control processes and our ambient, refrigerated, and frozen capabilities.

**Value-Added Services:** Be responsive to retailer requests with Weber services including kitting, inventory postponement, repackaging, display building, returns, assembly, price ticketing, and damage/destruction..
